About us

The Digital Asset Investment Limited is an investment firm that gives the investors the opportunity to make money without trading by themselves on forex, bitcoin trading mobile or any other channels and can change its directions several time every day. To extraction of profit from every movement you need clearly direction of each transaction. Thus, need to have a deep knowledge of the currency and cryptocurrency market. Our service opens the possibilities for our investors who do not have such knowledge or the time to trade by themselves, but wishing to make a daily profit. Therefore most days digital asset investment limited will earn much greater than the stipulated profit. However we will hold the extra income as reserves for days when we do not reach the mark. This will allow us to be fully sustainable for many years to come.

Digital Asset Investment Limited managers are part of the original groups of Forex operators that launched the Forex trading revolution. In just a few years Forex has become one of the most accepted investment vehicles in the marketplace. Digital Asset Investment Limited has continued to upgrade their trading platform, adding new trading styles and methods while adding a larger variety of assets. Over the years digital asset investment limited has grown while building a global reputation based on fairness, honesty and transparency along with innovation and flexibility. Digital Asset Investment Limited is known for its outstanding customer support, customer service, education and reliability.
